

NEW OFFICE of Marina Federal Savings opens in La Tijera, featuring latest in design and comfort innovations. Office, at 6955 La Tijera Blvd., will offer complete variety of savings and loan services under super-

vision of William Richardson, vice president. Facility precedes development of La Tijera Center, predicted to serve a trading area of \$35,000.

Civic Leader Appointed to Bruinsma Job

Jerry Leonard, 2727 W. 175th St., Torrance, has been named as a special advisor to the 17th Congressional District "Bruinsma for Congress" Committee. Leonard, local civic leader and insurance executive, will assist in the district-wide "Bucks from Bruinsma" campaign. "We are concentrating considerable effort on obtaining \$1 and \$5 contributions from the general public to raise campaign funds," Leonard reported. "We are selling 'Bucks for Bruinsma' cards to individual voters of both political parties. Payment of \$1 affirms the voter's interest in restoring representative government to the 17th District and providing us with a Congressman who will work for our interests for a change."

Leonard can be contacted through any of the three Bruinsma for Congress headquarters now operating throughout the 17th District. Main headquarters is located at 2170 Torrance Blvd. in Torrance, FA 0-4455.

Marina Federal Opens New Branch Offices on La Tijera

Marina Federal Savings and Loan Association has begun operations at its newest branch office in La Tijera, according to an announcement by Russel C. Chase, president and chairman of the board.

The new office is at 6955 La Tijera Blvd. and will offer complete savings and loan services under supervision of William D. Richardson, vice president of Marina Federal.

"Marina Federal's new La Tijera Branch is the result of careful projecting," Chase said, "to provide the utmost in the way of convenient Federal Savings service to the area."

The new facility precedes a projected growth of the Tijera Center, which, according to Chase, will double its present size within the next three years.

The existing and projected La Tijera Center, Chase pointed out, will serve a current prime trading area of 35,000 and an eventual population of more than 100,000.
